Mr. Robert A. Fuhrman
Executive Vice President
Lockheed Missile and Space Corporation
Sunnyvale, California

Dear Mr. Fuhrman:

I wish to thank you and your personnel for the very informative briefings and tours of your facilities which you provided my staff and myself last week. I came away from Lockheed tremendously impressed by the scope of your efforts and the very evident competence of the people involved. It is a great pleasure to me to see such a successful government-industry team as yours.

Very truly yours, STATINTL
